These states if carried by the Republicans as anticipated, will swell McKinley's vote to 222 and then he holds the lead that they will go for McKinley.

REASON WHY.

Republicans Should Vote for T. B. Catron Delegate to Congress.

1st. Because the platform of Lae Vegas, on which he stands, favors the protection of the American product of silver as well as other American products.

2nd. Because long before either political convention was held he announced himself in favor of protecting the American product of silver, and as the friend of that metal in a letter to J. E. Sheridan, of Silver City, which was published in the Enterprise of Oct. 12th, 1896.

3rd. Because he has become acquainted with the members of congress and methods of doing business there during his present term which has better fitted him for accomplishing results than could be expected of any new man.

4th. Because the election of McKinley is now assured, and Mr. Catron would be in harmony with the administration politically and personally.

5th. Because the shameless abuse and personal bitterness against him by the democrats of every degree should urge decent men everywhere to support him.

6th. Because a vote for Ferguson and the platform he is on is an endorsement of free trade as well as free silver, and also an endorsement of democratic officials in denying duly elected members of the last legislature their seats in that body.

7th. Because Mr. Catron's election would show the people of the east that we are in favor of protection and know our own interests, while his defeat would mean that we are in favor of free trade in wool, iron, hives, cattle and everything else; and would prove that we did not know what was best for our own interests, and were too ignorant to be admitted as a state.

8th. Because while Mr. Catron is the friend of silver and believes in protecting the American product by coining it, he recognizes the fact that wool growing and sheep raising are our principal industries; that they have been ruined by the democratic policy of free trade, while Mr. Ferguson and his party place silver and its protection above everything else, when it is well known that the protection of silver in this territory is not worth one-tenth annually that of the production of wool, yet he and his party would sacrifice all our other industries in favor of this single product.

9th. Because Mr. Catron is the nominee of the republican party of New Mexico, and as such is entitled to every republican vote.

Human life is held too cheaply when the individual who needs a tonic for his system, seeks to cover his wants by purchasing every new mixture that is recommended to him. Remember that Ayer's Sarsaparilla has a well earned reputation of fifty years standing.

H. B. Ferguson does not deny that he said "he has no use for Bryan or the Chicago platform." He can't deny it any more than he dare deny that he solicited and begged to be appointed as a special counsel and was paid \$2,000 to prosecute railroad men in the strike of 1894.—Las Vegas Republican.

Chronic constipation is a painful, disagreeable and life-shortening difficulty. It deranges the system, causes sick headaches, bad breath and poisons the blood. It can be readily overcome by Dr. Williams' Little Early Risers. These little pills are great regulators. W. Y. Walton.

Cocoono County Republicans. The great register of Cocoono county is now in the hands of the printer. It will contain 1,100 names of electors. The register of 1894 contained 1,204 names, and the register of 1896 shows an increase of 202 names. It has often been said that the population of Cocoono county had decreased, but the registration proves to the contrary. The county has steadily increased. In population notwithstanding the hard times. The new vote is largely republican, and will add to the majority that will be given by Cocoono county to that ticket.—Sun.

De Witt's Witch Hazel Salve is an antiseptic, soothing and healing application for burns, scalds, cuts, bruises, etc., and cures piles like magic. It instantly stops pain. W. Y. Walton.

Retention of the capital and only asks their votes, says the Cerrillos Rustler. In Albuquerque he winks the other eye and privately tells his friends that election promises "don't go." The citizen and taxpayer and property owner of this county voting for Ferguson simply votes against his own best interests.

If your children are subject to eczema, watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, it will prevent the attack. Even after the eczema cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by W. A. Maxwell Drug Co.

He is Against Labor. The coal miners of this county should vote against Ferguson. Two years ago the same Ferguson was the hired attorney to prosecute the railroad strikers for a fee, showing conclusively that he has no sympathy with the laboring man. He has not changed his opinion yet. The leopard cannot change his spots. Vote against H. B. Ferguson, miners of Santa Fe county, and vote for T. B. Catron, who always defends a poor man against oppression and injustice without fee—Rustler.
